1 Ranking based upon 2002 data.

2 Beginning 2001, the School of Nursing split into two units (Associate and Baccalaureate & Higher). Prior years data cannot be displayed.

3 Individual units within the School of Business can no longer be disaggregated due to reorganization.

4 Entry level courses in these departments begin at the 200 or 300 level and are included in the ranking.

5 Student FTE are not disaggregated with the School of Nursing between Associate and Baccalaureate; therefore, ratios cannot be calculated.

6 Science Education included in Life Sciences for year 2002.

Notes: (1) When values are identical, tied ranks are used.

(2) FTE Budgeted Faculty consists of all tenure/tenure track positions budgeted for the 1999-00 academic year.

(3) FTE Instructional Faculty consists of individuals teaching courses and is equal to Course FTE + Instructional Support FTE.

(4) FTE Students consists of the SCH generated divided by 15 (UG) and/or 12(GR); these figures are then added together for a total student FTE.

(5) Figures used for Tables 3 and 4 based on total credit hours produced by the department.
