

**Assessment Survey
(Freshman/Sophomore)
Responses**

III. Please state briefly what your goals are in pursuing a mathematics major at ISU.

- My goals in pursuing a mathematics major at ISU are becoming more knowledgeable in every area of mathematics and clearly understanding the concepts to the best of my abilities.
- I want to be an actuary, so I need to learn many of the things on this survey to my best ability.
-

IV. Please indicate any ways you can see that we can improve the undergraduate major.

- I think it's a great program. As far as improvements, I'm not aware of any as of now.
-
