

## Physical Education Teacher Education Program Outcomes

At completion of the undergraduate physical education all grade program, the student will be able to...

1. Demonstrate knowledge of physical education content.
2. Manage and motivate students in a variety of school aged children.
3. Prescribe skill assessments for student learning and performance.
4. Communicate effectively with colleagues, peers, and students.
5. Practice appropriate lesson planning and instructional skills.
6. Reflect on individual teaching performances, student learning, and disposition as a teacher.
7. Utilize technology in the educational setting.
