

**Indiana State University
Community Engagement Activities
Department Annual Report
2006**

Project Name:

Terre Haute Children's Museum

Description

Student members of the Student Affiliate of the American Chemical Society (SAACS) presented chemical demonstrations at the Terre Haute Children's Museum during the 2005-2006 year.

How do you see community engagement activities fitting in with your department in the future?

The SAACS plans to continue giving demonstrations this coming year.

What do you feel has been the impact of the project?

Our students had the chance to teach basic chemical principles to children, who were entertained by the wonders of chemistry (including making slime, Coke bottle fountains, crystals and colors).

Faculty involved with students in this project outside of class

Larry Rosenhein

Who from the community is involved?

Children at the Terre Haute Children's Museum

Who from ISU is involved?

Undergraduate chemistry majors, mostly, supervised by Prof. Larry Rosenhein.

Number of Students	Where it takes/took place	Is this activity ongoing
10	Terre Haute Children's Museum	Yes
