Project Name:
The SMART Program

Description

A math tutoring program held after school at DeVaney School in Terre Haute, one day a week for ten weeks each semester.

How do you see community engagement activities fitting in with your department in the future?

We have always been supportive of community engagement activities.

What do you feel has been the impact of the project?

It has been a wonderful way for our students to gain experience working with children and for the children to benefit from the math tutoring.
