Organized participation of PE101 Fun Run to benefit the American Cancer Society during the Fall Semester 2004. Approximately 210 students

How do you see community engagement activities fitting in with your department in the future?

Community Engagement has always been a part of our College's preparation of students. It will continue to be a part of student preparation.

What do you feel has been the impact of the project?

The impact is always positive. Our students realize that what is being taught can be applied to the "real World". In addition, our student they need to get involved in their community, whether it be Terre Haute or where they reside after college.

Department Annual Report
2005**

Project Name:

Health, Safety & Envir. Hlth

Description

As a department of professional disciplines, we are well placed to continue with experiential learning and community engagement. Our programs routinely place intern students and coops as part of the curriculum. One idea the department is considering is installing a capstone experience as part of the required internships.

How do you see community engagement activities fitting in with your department in the future?

It is constantly being done as a prt of the student's preparation

What do you feel has been the impact of the project?

Gets the students involved

Faculty involved with students in this project outside of class

Project Name:
Recreation & Sport Mgt Dept

Description

(1) RSCSM 236 class completed 1162 hours of service learning between March 1 and April 30, 2005. Two of the course objectives were to a) give students practical experience organizing leisure experiences for various populations and b) enhance student understanding of group dynamics and develop their ability to use various leadership techniques and strategies to enhance the participants' leisure experience. Public benefit is that it is an organized leisure experience provided on site at no cost to the participant.

1.Active Leadership in Recreation & Sport

2.This project allows students to gain experience in planning, organizing and implementing leisure activities with groups of various sizes and abilities. Further, students have an opportunity develop their ability to use various leadership techniques and strategies to enhance the participants' leisure experience.

3.RSCSM 236 – Fundamentals of Group Leadership (class)
