Vision Statement

[View/Modify Vision](#)

The following is your vision statement loaded from previous submissions. Some administrative units, but not all, may wish to revise their vision statements based on the direction of the University toward pre-eminence. If this pertains to you, then please make changes in the box below:

Enrollment Services (Offices of Enrollment Services, Admissions, Student Financial Aid, Registration and Records, Distance Support Services, Degree Audit and Transfer, and Continuing Education) focuses on the needs of individual students by providing timely and accurate information, as well as comprehensive services, to assist them in making a smooth transition from their first contact with the University through graduation. Enrollment Services is committed to the values of: integrity, respect, service and teamwork. Our mission is to exert strategy control over the characteristics and size of the ISU student body; to develop and/or enhance programs, policies, activities and services that when implemented will positively influence why students and their families choose to enroll at ISU, ease their transition to college, increase their persistence and retention, and graduation rates at ISU.
